SKILLS

- **Languages:** C++, JavaScript, C, PHP, Python, Linux
- **Frameworks:** HTML and CSS, Bootstrap, NodeJS, React, Next.js, Tailwind CSS
- **Databases :** MySQL, MongoDB, PostgreSQL
- **Platforms & Tools** Git, GitHub, Postman, Firebase, VS Code
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

INTERNSHIP

- **Incupad India Pvt. Ltd.** March 2024 – October 2024
Full Stack Developer
 - Led frontend development for an AI-based chatbot using **React.js** and **Tailwind CSS**, delivering a responsive and user-friendly interface.
 - Integrated **Firebase Authentication** and **Google services** to enhance platform security and streamline user access.
 - Developed and connected **Django RESTful APIs**, enabling efficient communication between frontend and backend systems.
 - Collaborated with backend developers, AI specialists, and project managers to meet technical and functional goals.
 - Solved real-time issues and implemented optimizations to improve chatbot performance, scalability, and user satisfaction
- **Banao Technologies** August 2023 - March 2024
Python Django Developer Intern
 - Developed and maintained high-performance backend services using Django 4.2.6, ensuring scalability and code efficiency.
 - Built and managed RESTful APIs with Django REST Framework (DRF 3.14.0) for smooth data exchange between frontend and backend.
 - Implemented secure user authentication using JWT (djangorestframework-simplejwt) and OAuth 2.0 with Google Sign-In, improving access control and login experience.
 - Integrated AWS services via boto3 and botocore, and managed static/media files using django-storages, enabling efficient cloud storage workflows.
 - Optimized MySQL and PostgreSQL databases using mysqlclient and psycopg2, ensuring reliable data management and improved query performance. • Handled secure and environment-specific configuration using

PROJECTS

- **Smart Disaster Alert & Response System:** February 2025 – April 2025
 - Developed a real-time disaster alert system to deliver timely emergency updates and manage relief resources.
 - Integrated **OpenWeather** and **Google Maps APIs** to fetch live disaster and location data.
 - Enabled location-based alerts and notifications to inform users in affected areas.
 - Implemented an **SOS feature** allowing users to send distress signals to registered help centers.
 - Managed tracking of essential resources like food, water, shelter, and medical supplies.
 - Built **offline mode support** to ensure users can access critical information without internet.
 - Applied **multithreading** in the Django backend to improve system responsiveness under load.
 - Designed an interactive frontend using **React.js** (web) and **JavaFX** (desktop), with **Firebase** for real-time updates and **MySQL** for storage.

Tech: Next.js, Django, PostgreSQL, OpenWeather, Google Maps, Mailtrap, Firebase, React.js, JavaFX, MySQL.
- **NyayDetect Game:** November 2024 – February 2025
 - Developed an interactive web-based gaming platform offering a seamless user experience.
 - Utilized Next.js for building a fast, modern, and responsive frontend interface.
 - Built a robust backend using Django, ensuring secure and scalable API integration.
 - Employed PostgreSQL for efficient data storage and management of user and game data.
 - Ensured smooth user interactions with features like real-time game updates and dynamic routing.
 - Integrated frontend and backend for efficient data fetching and improved performance.
 - Designed a mobile-friendly and visually appealing UI to enhance user engagement.
 - Focused on scalability and responsiveness to handle future growth and feature expansion.

Tech: Next.js, Django, PostgreSQL.

CERTIFICATES

- Internship** March 2024 – October 2024
 - Full Stack Developer*
 - Node.js Web Development Intern** at **Celebal Technologies** from **June 2025 to August 2025**, where i developed a full-stack Appointment Booking System, implementing JWT for authentication, and integrating features for file uploads and email notifications.

EDUCATION

- Lovely Professional University** Punjab, India
 - Master of Computer Application - Computer Application; CGPA: 8.1* Since August 2024
- Purnea University** Purnea, Bihar
 - Bachelor of Computer Application - Computer Application; Percentage:73.53%* August 2020- August 2023
